## SOAP STAR MURDERED

By Beth Chambers

*Crime reporter*

**Soap star Megan Fuller has been murdered in her own home.**

The 33-year-old actress was found lying on the kitchen floor by her father when he called at the house. She'd been stabbed.

Murder squad detectives believe she may have let the killer into her house in Ramsden Road, Balham, south London.

### **Underworld**

Miss Fuller became a household name while starring in a long-running BBC soap. But her other claim to fame was her marriage to Danny Shapiro, who police have previously named as one of the leading figures in the London underworld.

Mr Shapiro, who has always denied any involvement in organized crime, split from Miss Fuller three years ago after what friends described as a 'turbulent' relationship.

### **Alibi**

He's been questioned by detectives, but sources have told *The Post* that he has an alibi for when Miss Fuller was murdered. However, *The Post* can exclusively reveal that the couple had a heated argument by phone only hours before the murder was committed. This was apparently over a tell-all book that Miss Fuller was writing about her life.
